Sibanye Stillwater: Learnership Programme 2020

(adsbygoogle = window.adsbygoogle || []).push({});
(adsbygoogle = window.adsbygoogle || []).push({});

Description

The Sibanye Stillwater is offering the Learnership Programme 2020 in Free State, South Africa. If you are looking for Still Water Jobs or Careers, you have come to the right place. The Sibanye Stillwater Learnerships 2020 are available now.

Location: Free State

Learners acquiring this qualification will be equipped with the required competencies to supervise safe and efficient blasting and other associated mining activities in an underground environment.

A limited number of Learnership allocations will be awarded to employees for a full time study opportunity in line with the Sibanye-Stillwater Beatrix Operation business needs

Pre- screening, application verification and psychometric evaluation will form part of the selection process. All applicants will be subject to clearance screening by the South African Police Services as required by the National Explosives Act. Short listed candidates will be requested to attend a panel interview and psychometric evaluation. Successful applicants will be notified in writing by SSA Management, while applicants who receive no response to their applications, may consider their application for the Learnership to be unsuccessful. Preference will be given to HDSA's and certain requirements may be relaxed for female applicants as Sibanye-Stillwater is committed to the achievement and maintenance of diversity and equity in employment.

The appointee should:

(adsbygoogle = window.adsbygoogle || []).push({});

- Have a minimum Grade 12 or equivalent NQF Educational certificate in order to be accepted onto the Blasting Certificate programme
