## Microsoft: Finance Graduate Internship Programme 2021 in JHB

(adsbygoogle = window.adsbygoogle || []).push({});

### Description

The Microsoft South Africa is offering the Finance Graduate Internship Programme 2021 in Johannesburg, South Africa. The Microsoft Internship Programme 2021 will jump start your career and boost your experience level, so you should apply online for the Microsoft Graduate Internship Opportunities 2021 available in Johannesburg, South Africa.

**Location:** Johannesburg

Are you ready for an exceptional career in finance? At Microsoft, you will have the opportunity to partner with and learn from world-class teams while building career-enhancing skills as you explore the many facets of finance operations at a Fortune 100 company. Here, it's not just about the numbers that make Microsoft tick – it's also about how we examine the trends they illuminate to manage our business better and enhance our long-term profit potential.

Microsoft's Finance Rotation Program (FRP) is a tremendous opportunity for new graduates to develop expertise in a wide range of areas, including profit-and-loss management, identification and improvement of organizational risk, business strategy and decision support, and the analysis of various business drivers to achieve results. Over the course of two years, FRP analysts will rotate through four, six-month rotations that enable them to build strong financial acumen and core business skills. Throughout your time as an FRP analyst, you'll learn, be stretched, and grow at an incredible pace to help develop you into a data-driven and strategic finance leader.
